## Table of Contents

Reading is a vital part of the learning process. With the advent of a new mobile revolution, we can provide a pleasant mobile reading experience using PDF technology as the electronic replica of books. Combined with touch and pen technology, reading is no longer limited to being just a book replacement. Unidocs has integrated new productivity tools that enhance our users' work or study environments within their devices - marking, writing, typing, drawing, and adding images.

However, ezPDF CLEAR now adds one more new experience

**INTERACTIVITY!**

Solely mimicking books and notes are now a thing of the past. We agree that learning should be fun and responsive in order to attract the user's attention.

Our new approach allows passive PDF to come alive in action. Our authoring tool programs (currently available for PC only) can easily make a plain PDF file into ezPDF CLEAR contents – embedded audio and video files, flash cards, OX, True/False, multiple choices, and short answers can be entered and checked from the app.

ezPDF CLEAR app magically turns these contents to alive interactively on mobile devices.

Create Worksheet.
Save as PDF.
Magic happens with
ezPDF CLEAR

Use PDF files.

- ✓ Read
- ✓ Mark
- ✓ Type
- ✓ Write
- ✓ Draw

Write and Solve on PDF

Interactivity features.

- ✓ Flash cards (show / hide)
  – Knowledge Taps
- ✓ Multiple choice
- ✓ True-False
- ✓ O / X
- ✓ Short Answers

Automatically check
answers from ezPDF
CLEAR.

Listen and watch
from PDF

Morning

Plays embedded audio and
video files in PDF files.

Use your PDF editor to
embed audio and video files
into PDF. Make sure the
multimedia files are
compatible with your device.

We recommend to use MP3
for audio and MPEG4 for
video format.

Highlight and
add notes
